MEMORANDUM FOR:

1. With reference to the attached papers which you referred to me for comment I recommend that the last sentence of the second paragraph be revised as follows:

"Therefore, this agency concurs in the proposal which you have set forth in your letter. It would be appreciated if you would keep us fully informed of developments with respect to this problem."

2. I make this suggestion, Jim, because the "of course" part of that sentence sounds more conditional than is really necessary in the circumstances.
